

3520 B Rotating dismantling tool

PRODUCT DETAILS

- Adjustable heavy-duty stripping tool for round cable sheaths
- Interchangeable self-tightening cable retention hooks for cable stripping capacity up to 40 mm diameter
- Different locking positions for circular, lengthways and spiral stripping
- The blade automatically returns to its starting position at the end of stripping, reducing the risk of broken blades
- No special tools required to change hooks – one replaces the other. The blade height adjuster is nearly friction free and easy to rotate for fine blade height adjustment
- Ergonomic: well balanced design features rests for thumb, first and little fingers for easier raising of the cable retention hook
- Durable: replacement cutting blades can be stored in a pocket located inside the tool
- Reliable: frame and mechanism lifetime exceeds 100,000 cycles
- 3520 B SH: Spare blade
