## SDS+ Drill Bits 4-cutter for Reinforced Concrete

### PRODUCT DETAILS

- Immediate centring tip prevents skidding on smooth surfaces
- Size range 5 mm to 32 mm
- Optimised 4 x 90° symmetry makes all 4 carbide cutting edges work evenly and at the same time
- To withstand wear the drills are made of high-alloy steel produced with optimised hardening temperature
- For masonry, reinforced concrete, natural stone, artificial stone
- Specially designed head geometry for better centre drilling, faster drilling progress, precise drilling hole
- Fits directly into all hammer drilling machines with SDS-plus and HILTI TE-C drive
- Carbide Tipped 4-cutter with SDS+ connection
- Canal flute provides effective dust removal for increased endurance and reduced heat friction
