

## BWHTRS12 Thread Tapping Set

### PRODUCT DETAILS

- Essential tool for cleaning and re-cutting damaged wheel nut and bolt threads
- Damaged threads can cause defective tightening, leading to lost wheels
- Male and female cutters with the most common thread sizes. M12x1.25, M12x1.50 and M14x1.50
- Adaptive nail holder for the male cutters, which allows them to hold drives from 4.50 mm to 10 mm
- Made of HSS base material, which has the right properties for machining steel
- Titanium nitride coating for excellent cutting and long life
- Supplied in a blow moulded case, in foam inlay for better tool management
- Components available as spare parts
