

# PX-M2
## ERGO™ 20 mm Medium Bypass Secateurs with Elastomer Coated Fixed Handle

## PRODUCT DETAILS

- Secateurs developed according to the scientific ERGO™ process
- Size of cutting head adapted to the task to be performed
- Vertical and lateral inclinations of cutting head allow pruning with a straight wrist
- Grinding process
- PX handles made of composite material with soft rubber on upper part
- Shape and size of handles adapted to the size of the hand
- Available in three sizes: S (small), M (medium) and L (large)
- All cutting heads fit all handles
- PX-M2-L left-handed version
- Maximum comfort with minimum effort due to the ergonomic design
- Less fatigue and discomfort thanks to the inclinations of the cutting head
- Increased comfort thanks to elastomer-coated, flowing-shaped handles
- Reduced friction and sticking due to the hollow inner face of the blade
- Blade stays sharp longer due to the grinding operations used
