

BBS3BH1

Universal holder with rubber vacuum pads

PRODUCT DETAILS

- Universal holder for workshops, mainly used to carry or support car parts, such as windscreens, tunnels, etc
- Thanks to the four vacuum rubber pads, the parts supported on it will not move when you are working on them
- With the vacuum pads removed, the foam tube protections on the top is ideal for working on windscreens or body panels, in order to prevent scratching of the surface
- Maximum load capacity: 170 kg
- Equipped with adjustable chains, it allows a wide range of part sizes. Width: 355 - 930 mm. Height: 710 - 1180 mm
- Length: 945 mm
