

91-W

T-Shank Jigsaw Blades for Wood Cutting

PRODUCT DETAILS

- Standardized T-shank (also referred to as Euro shank)
- Fits AEG, Atlas Copco, Bosch, DeWalt, Hitachi, Makita, Metabo, Milwaukee and similar machines
- A new progressive teething has been introduced on our universal progressive blade
- Progressivity gives many fine teeth close to shank, good when cutting in thin material
- The teeth then become coarser and more effective than further out from the shank allowing thicker material to be processed
- HCS: Carbon steel, is suitable for cutting through wood, plastic and other soft materials
- BiM: Bi-metal combines the cutting performance of HSS with the flexibility of carbon steel
- The sawblades are shatterproof and suitable for cutting through all types of material
- 5 blades packed on informative card
- Designed for long blade life and fast cuts
- T-shank design fits most jigsaw machines
