

NSB600

Non-Sparking Wedges Copper Beryllium

PRODUCT DETAILS

- Made of copper beryllium
- Non-sparking (NS) tools designed for use in potentially explosive environments, where 'traditional' steel tools may create spark
- Anti-magnetic and highly corrosion resistant
- Die-forged
- Used for lifting up and separating objects or holding them in place
- To obtain more information about the usage restrictions of non-sparking materials, please refer to the corresponding certificates
