

2250V

VDE Insulated Cable Cutters

PRODUCT DETAILS

- Dip-coated insulation
- 3-layer safety colour code insulation
- For working on live equipment up to 1000 V according to IEC 60900
- The 170 mm version has a maximum opening of 15 mm and the 230 mm version has a maximum opening of 22 mm
- High performance alloy steel
- Chrome plated and anti-corrosion treated finish
- 3 Multi-layer coating with different colours indicating safety, danger or high danger. Plus a 4th one in black to further protect handle edges
- This provides protection as well as creating a visual warning system
- If the outer insulation layer gets damaged, the lighter colour underneath will become visible and warn the user
- Each and every tool is tested to 10.000V for 10 seconds at the end of the manufacturing cycle
