

## **RCI Philosophy**

**The SNA Europe's R C I Philosophy states that every process can be continuously improved while meeting these desired outcomes:**

- **Providing SNA Europe associates a safe and ergonomically-sound work environment**
- **Assuring the production of quality products which meet our customers' satisfaction**
- **Creating a levelled and continuous flow of production which satisfies our customers' delivery requests**
- **Improving SNA Europe's global efficiency, which creates a competitive advantage**
- **Pursuing perfection**

**Management is committed to actively lead the continuous improvement efforts.**
